MEMORANDUM FOR: Director, National Reconnaissance Office

SUBJECT : Your Memorandum for Record, dated  
25 June 1964

1. Reference the subject memorandum, I have just this morning seen it after returning from the trip I departed on Thursday afternoon. I understand that in the light of conversations you have subsequently held with Mr. McCone, the subject memorandum is now of purely academic interest.

2. I do want you to know, however, that the memorandum does not conform to my understanding of our discussion Thursday.

3. We discussed the seven points you mentioned under [redacted] most of which you put forward. I made no agreement of any kind, nor did I commit the Agency or the Director to any course of action.

4. This confirms my oral statement, same date.
